MEMORANDUM FOR: Mr. Knoche

SUBJECT: Request for Publications

1. In regard to the publications I have requested, following are the exact titles: AOB Index Sheets (TCS), and Sheet Number Changes IN AOB 202 S 24 55. I feel that the number S 24 55 pertains to a specific change and that these latter numbers probably will change from one issue to another.

2. It is requested that two copies of this publication be obtained now and a reservation made for two more copies at a later date, probably mid-summer. It is particularly desired to obtain a definite answer as to whether these publications can be furnished to us in the near future. Once I get definite word that I cannot be furnished this, I will use other channels to obtain the data.
